

Carlton Landing

Description

Designed and built by Grant Humphreys, real estate developer, Carlton Landing is a resort-style community located on the shores of Lake Eufaula in Pittsburg County, Oklahoma, United States. Covering an area of 0.10 square miles, the project intended to build more than 3,000 houses divided into districts, shops, restaurants, a town center, schools, etc. Grant admitted being inspired by Seaside, a resort town located in Florida.
